Right : Mr. Kazuo Namboku, President of GMB Corporation

At Beijing branch

GMB TRANSPORTATION EQUIPMENT COMPANY LIMITED (台湾吉明美股份有限公司) hereafter called Taiwan GMB, founded in 1981, capitalized by four GMB dealers in Taiwan, was awarded 65th souvenir by Mr. Kazuo Namboku, President of GMB Corporation, on February 9, 2009.

We would like to introduce Taiwan GMB in this issue.

The purpose to found Taiwan GMB was to establish sensible marketing and avoid unnecessary competition thus increasing market share in Taiwan. Since we started sales activities to aftermarket in Taiwan 40 years ago, GMB has been achieving more than 60% market share, successfully in line with our anticipation

Furthermore, Taiwan GMB started supplying GMB products to Tier 1 suppliers as OEM and annual turnover has achieved a level similar to that of the main importers in Taiwan with only 7 employees engaged.

As a specialist supplier of the GMB product range, Taiwan GMB is positively researching products to expand their knowledge. For specific Taiwan market items, which GMB does not produce, Taiwan GMB outsources quality matching parts to complete the range and satisfy customers requirements.

Making further progress, Taiwan GMB established an office in Shanghai 4 years ago and most recently founded a branch in Beijing 2 years ago.

For the success of all GMB dealers all over the world as well, GMB group tries to improve our services and quality continuously.
