

## GMB Develops in China too

China is well known for providing the 'factory' for overseas consumers but now it is turning its domestic marketplace into a vast opportunity for overseas entrepreneurs.

Prior to the Shanghai EXPO opening next year, Qingdao city in Shandong province selected GMB in Dec, 2009 as one of the promising overseas entrepreneurs in Qingdao.

We would like to share our jubilation at receiving this award, at a ceremony in Tokyo, with our friends and customers everywhere

GMB President Kazuo Namboku with Qingdao city Mayor Xia Geng

**Your success is our future.**
