DISCONTINUE

Please note that we stop the produce of the following item(s) from now on. Of course we produce these items in the orders, which have been already accepted.

Disc pad
D3004
D6000

These molds for these items need special method to re-produce. As we do not receive many orders of these items recently, we have decided to discontinue the production **in Japan.**

P.S. We continue to supply above item(s) from Indonesian factory.
